POWERED AIR MADE SIMPLE WITH 3M™

A powered air-purifying respirator (PAPR) is a type of respirator used to safeguard workers against contaminated air. PAPRs consist of a headgear-and-fan assembly that takes ambient air contaminated with one or more type of pollutant or pathogen, actively removes (filters) a sufficient proportion of these hazards, and then delivers the clean air to the user's face or mouth and nose.

THE ULTIMATE SOLUTION FOR WORKING AT HEIGHTS

The Smart Spiders Max automated ascending technology greatly improve efficiency and safety in tasks that involve reaching elevated structures.

Welcome to the new and improved Smart Spider Max, meticulously redesigned for superior performance and durability. Built on the foundation of the original Smart Spider Pro, the Smart Spider Max now boasts a fully sealed design IP65 rated shell to withstand even tougher environments.

The Spider Max features precision machining for improved craftsmanship and a sleek, modern design in pure black, combining style with performance. The speed controller is now made of a robust metal, offering better durability and control. The manual release has also been revamped from a button to a lever-type-action, making it easier and more efficient to use.

This is the ultimate solution for professionals to reach new boundaries.

DELUXE TRAFFIC MIRRORS

The Deluxe Traffic mirrors are scientifically designed to optimise a drivers field of vision and minimise distance distortions, making them ideal for traffic and road situations. The shallower curve of the mirror face means you can observe high speed traffic much more safely. The stainless steel models are designed for high risk situations such as vandalism and projectile objects or extreme weather. Larger sized mirrors are complete with a pole clamp bracket but can be wall mounted with the optional Wall Adaptor. Other sizes available - prices vary.

Specialist Services

At Fortus Safety NZ, we are dedicated to making every workplace in New Zealand safer. Our comprehensive range of specialist services ensures that your team is protected, compliant, and equipped with the best solutions available. Here's an overview of the key services we offer:

BRANDING ON UNIFORM

We provide in-house embroidery and logo application, allowing you to showcase your brand on all workplace uniforms. Our branding service ensures your team looks professional and unified, while also enhancing your company's visibility and identity on-site. With fast turnaround and quality workmanship, we help you make a lasting impression.

BRANDING ON MERCHANDISE

Extend your brand beyond uniforms with our merchandise branding solutions. From safety gear to promotional items, we can add your logo or message to a wide range of products. This service is ideal for staff incentives, client gifts, or reinforcing your brand presence at events and in the field.

CUSTOM SIGNAGE SOLUTIONS

Safety and compliance start with clear communication. Fortus Safety NZ offers a full suite of custom signage solutions, including safety, hazard, and workplace signage. We design and supply signs tailored to your requirements, ensuring your site meets all regulatory standards and keeps your team informed and safe.

GAS DETECTOR CALIBRATION

Gas detection is critical for workplace safety. Our gas detector calibration service ensures your equipment is functioning correctly and providing reliable readings. We offer in house calibration for gas detectors, helping you maintain compliance and protect your workforce from hazardous gases.

HEIGHT SAFETY VISUAL INSPECTION

Falls from height are a leading cause of workplace injuries. Our height safety inspection service covers all personal protective equipment (PPE) used for working at heights, including harnesses and lanyards. Regular inspections by our qualified team help you stay compliant with AS/NZS standards and ensure your gear is safe and ready for use.

CHEMICAL BURN SOLUTION (PREVOR)

We are the exclusive NZ distributor for Prevor chemical burn solutions, including Diphoterine® and Hexafluorine®. These advanced first-aid products are designed for rapid decontamination following chemical exposure, significantly reducing the severity of burns and improving outcomes for affected workers. We offer onsite training and site assessments.

UNIFORM MANAGEMENT SYSTEM

Managing uniforms for a large team can be complex. Our Uniform Management System streamlines the process, allowing you to track orders, control budgets, and ensure consistent branding across your workforce. With online ordering and real-time reporting, you gain full visibility and control over your uniform program.

PRESCRIPTION SAFETY EYEWEAR – POWERED BY BOLLÉ SAFETY

Protect your team's vision with certified precision. Our prescription safety eyewear service is proudly driven by Bollé Safety. We supply Bollé Safety's certified prescription safety glasses, tailored to individual prescriptions to ensure optimal comfort, clarity, and compliance for workers who require corrective lenses. Designed for performance and style, Bollé Prescription Safety Eyewear meets all relevant safety standards and is available in a range of models to suit various roles and environments.

RESPIRATOR FIT TESTING

Proper fit is essential for respiratory protection. Our respirator fit testing service (qualitative and quantitative) ensures that each worker's mask provides an effective seal, as required by AS/NZS 1715. We offer on-site testing and documentation, helping you meet compliance requirements and safeguard your team against airborne hazards.

CONTACT FORTUS SAFETY NZ today for a quote and to learn more about how our specialist services can support your business & keep your people safe.
